Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting, lids, dull pain in the eyes or head, soreness of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

NOT MURDER, BUT VACCINATION.
A South Greensboro Dusty Damsel Colors the Air With Yells.

Verily, vaccination is a stunner and if roughly handled the victim of the sharp and cruel point cannot restrain a vociferous yell. The sweet stillness of a typical spring day was suddenly and violently broken in South Greensboro shortly after noon yesterday by a series of terrible yells, which could be heard for hundreds of yards around and which filled the hearts of the hearers with horror, setting the hair on ends. Officer Jeffries, who was at dinner, at once suspected a horrible crime and dropping his fork and making sure that his pistol was loaded and handy, scaled his back fence and ran in the direction from which the loud yells continued to come.

When near the scene he located the source of sound in a wood house and quickened his pace. A few more steps and he stood, out of breath, but ready for any duty, at the wood house door. To his surprise he found but one person. She was an old colored auntie standing with head back, eyes closed, left arm resting lightly on the right, and her mouth severely stretched pouring forth those awful screams which had horrified the natives for squares away. The officer enquired the cause of the commotion and was told in tearful tones that the auntie had touched her arm with a stick of wood. Mr. Jeffries enjoyed a hearty laugh, but was so disappointed that he forgot to return home and finish his meal.

Arrival of a Noted Minister.

Rev. A. P. Graves D. D., of New York City, came in last night and will remain over Sunday and several days next week. Dr. Graves has been for more than a quarter of a century one of the most successful evangelists in the United States. He has held revivals in nearly every leading city and multitudes of smaller towns and cities. Dr. Graves' first visit south was more than thirty years ago, and has often been repeated since, doing his great work in every southern state. Dr. Graves is not holding revivals now in the usual way.

About three years ago he felt called of God to spend the remaining years of his life elevating religion in the home. Therefore Dr. Graves is now going from city to city giving sermons and lectures on Christ in the Home. Further notice will be given of his appointments and labors in this city.

Up-to-date Shoes.

Try a pair of our \$3.50 tan or black vici kid shoes for Easter. The only up-to-date line of men's shoes in the city, at Shrier's, 216 South Elm St.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's Ordinary. It is difficult to procure a comfortable shoe under \$1.50 or \$2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our \$1.25 vici kid Oxford ties in black and colo[r]s made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. Shrier's, 216 South Elm St.

Malicious Prosecution.

The case of Robt. Lenard vs. P. L. Groome wherein the plaintiff sues for alleged damages in the removal by the defendant of land marks dividing their property, was tried before Squire Pritchett yesterday afternoon. After hearing the evidence Squire Pritchett dismissed the warrant as malicious and frivolous prosecution, taxing the plaintiff with costs.

Berlin, March 31—Ambassador White visited the foreign office this morning and informed the officials that the latest proposals of Germany regarding Samoa were favorably received at Washington. The attitude of the press here is generally fair and moderate, although some newspapers are attacking the authorities bitterly, claiming that Germany is making too many concessions to the United States and Great Britain.

THE STAR-SPANGLED BANNER

Is Waving Today Over the City of Malolos

THE PLACE FOUND DESERTED

Save By a Few Chinamen—The Filipinos Have Fled to the Mountains—Safety.

By Cable to THE TELEGRAM.

Manila, March 31.—The stars and stripes were raised in the city of Malolos this morning. The Kansas and Montana troops entering found the city deserted and the presidencia burning.

The rebels have retreated terror-stricken to the mountains, believing that they cannot further make even faint resistance. It is evident that the rebels some time since abandoned all hope of holding the capital against the Americans from the fact that the most elaborate preparations for evacuation were found. The railroad track is torn up for a mile, the rails probably having been thrown into the river when the rebels fled.

Mrs. O. L. Sapp, of Asheboro, went to Reidsville yesterday.

Don't forget the minstrel next Monday night.

A. J. Rickel went to Salisbury last night to see his wife. We are glad to know that she continues to improve.

Cornelius Garland is very ill of pneumonia.

Neal Anisworth, advance agent for "A Breezy Time," was here yesterday billing the town for next Thursday night when they will appear in the opera house.

Fourteen of our manufacturers and merchants met last night at the Enterprise office an affected and organization of Business Men's Association or Chamber of Commerce. After appointing several committees, the meeting adjourned until Tuesday night when the officers will be elected. We think this a good organization and trust it will do much good for High Point.

Miss Sallie and Albion Willis went to Greensboro last night to see their cousin, J. H. Bastick, who is very sick.

Lawyers Barranger, of Greensboro and Strong of Raleigh, passed here last night returning home from Asheboro court.

OUR LOSS.

Washington, March 31—Otis cables from Manila today that our troops are resting at Malolos. A considerable portion of the city has been destroyed by fire. Our casualties are one killed and fifteen wounded. Gen. Hall has returned with the troops from former position north of Manila.

MASSACRE AT CALUMPIT.

Manila, March 31—Late scouts report Aquinaldo with a body of three thousand troops massed at Calumpit, six miles east of Malolos, where they can retreat across the river into Pampanga province after their next defeat, hampering our army and destroying the bridges. General McArthur started troops after them at once. The country is very rough, cut up with many small rivers which causes great delay to our artillery. The infantry and cavalry will press on to Calumpit without waiting for the artillery.

JUDGE TOWNSEND.

THOMAS WAS HAPPY.

When the Mayor Found Him a Hat and Turned Him Loose.

Thomas Burke, the tramp who was so anxious to kill himself while drunk Wednesday afternoon, was hauled up before the mayor for a hearing yesterday. He had supposed that he would be given about thirty days and was a ragged looking specimen as he stood before His Honor with the remains of a straw hat of the old-fashioned cow-enticing variety. After listening to a long and pitiful plea, in which the prisoner told, with tears in his voice, how good he was going to be, how he had quit drinking entirely, and would never think again of committing suicide, and how far he was from home and altogether penniless, the mayor glanced at the hat and said: "I'll just find you the price of a hat" and the prisoner misunderstood the "find" and began trembling, until May Taylor took a nice hat down from the wall and told him to take it and go. Then Thomas smiled a big smile and hurried out of court.

AWFUL ACCIDENT.

The Steamer "Stella" Sinks—Great Loss of Life.

By Cable to THE TELEGRAM.

London, March 31—The steamer "Stella" was wrecked today upon a group of rocks within a few miles of the French coast in the neighborhood of Channel Islands. Nearly 100 lives were lost. The "Stella" sailed from Southampton yesterday with a party of excursionists bound for the island of Jersey. The vessel sank in eight minutes after striking, carrying down 175 passengers, only 80 of whom are reported to have been saved. Captain Reeks went down with the ship. A thick fog prevailed and the "Stella" lost its course. The passengers crowded into the small boats as fast as possible, the women and children first. The steamer "Lynx," bound for Vera Cruz, happened in the vicinity and rescued several boat loads of the ship's human freight. No bodies are yet recovered.

SIXTY DROWNED.

London, March 31—Later advices indicate sixty drowned. The steamship Lynx picked up four boats with forty persons, another steamship rescued 55 people, including 20 women. The ill-fated vessel had aboard 210 passengers, going to spend Easter at the Channel Islands.

THE GALLANT FIRST.

That is a most interesting letter in the Raleigh News and Observer this morning, written at Havana, Cuba, on last Sunday, March 24, and descriptive of the departure for home of the gallant boys of the First North Carolina regiment. As the vessel bearing the soldiers steamed slowly out of the harbor, a band on the transport "Kilpatrick" struck up "Home, Sweet Home," and its sweet, sad strains borne out upon the waves and wafted by the gentle breeze to the ears of the homeward-bound heroes in "blue and brown," must have carried a sweet feeling and awakened in many a noble breast soft and tender recollections that had lain dormant during the harrowing period of army life which they had undergone, and we venture to say there was not one of that gallant band "Whose heart did not within him burn As home his footstep's goal to turn, From wandering on a foreign strand." The letter concludes with a beautiful tribute to that grand old air, "Dixie," and a languishing longing on the part of the writer for the happy life that can only be found in the Old North State:

"There was just a moment of silence. Every steamer in the harbor gave its last whistle salute. The transport answered with a thrilling whistle and as she passed the inner markings of the harbor the band struck up 'Dixie.'

"I might end my letter here and you might know just what the scene was like. 'Dixie' makes one happy at home."

"I makes one happy when enroute home."

"But to hear it down here in this lonely island, where every man in your enemy and no man is your friend, down here where that great difference from home conditions exists, it makes one long for tar, pitch and turpentine, for red clay hills and rough roads, for cornfield pears and hoe cakes, for one moment under the great oaks of the capital city, for a good pipe and a chance to smoke Bull Durham tobacco, for a Chatham county rabbit, for an opportunity to chew a sweet gum twig, or for anything else that comes from a boy point between Murphy and Manteo, and need I have to add to this that there are no people on God's green earth who more richly deserve those blessings than the soldier boys who yesterday sailed from Cuba to once more see the loved ones at home."

There has been a sixty-five per cent advance in the price of quinine since February and it is likely to go still higher. Those citizens who have found this drug cheaper than coal, will now set their wits at work again to solve the fuel problem.

OUR UNHOLY WAR."

The conquest of the Philippine islands by the McKinley administration is proving to be a most difficult and slow job. After many weary days of hard marching and much fighting, General Arthur has at last arrived before Malolos and engaged the enemy. To some unenlightened observers, perhaps, the distance from Manila to Malolos is thought to be hundreds of miles. Yet it is said to be only twenty. The rebel capital will without doubt be stubbornly defended. But after its capture the war will not be any means be ended. Aguinaldo's men will retire to the impassable swamps and the impenetrable jungles and thickets and mountains, where they will form into bands of predatory marauders and engage in guerrilla warfare. Besides all these difficulties which the American army must overcome is the greatness of the Philippine leader—the deadly fever. Our troops, so many of whom are unacclimated, must languish and perish by the thousands. The end of this Philippine trouble is far away—and the mind of the thoughtful must ever revert with repugnance to the imperial policy which our government has entered upon—a policy contrary to the wishes of a majority of the great, experienced statesmen of America and probably four-fifths of the common people.

"There is an opinion widely prevalent," says the Charlotte Observer, "that

the Filipinos are a barbarous, half-clad people who wear rings in their noses. It may be so. But even if it is, they are entitled to certain rights at the hands of the civilized world, among these being life, liberty and the pursuit of happiness—these including peaceful possession of the lands in which their fathers sleep and which they bequeathed to them. But there is another side to the story. Admiral Dewey, who knows both peoples, has said that the Filipinos are far superior to the Cubans. He is supported by Mr. Frank R. Robertson, for many years an American lecturer, who, before the present conflict began, spent several months in the islands, gathering material for a lecture. "What are commonly regarded as uncivilized people," he says, "are, in fact, a people with all the advantages of education, culture and refinement. Of the real Filipinos, the ruling class in the island, two-thirds are described as being able to read and write." Dewey and Robertson are both sustained by an officer on Dewey's fleet who, in a letter to the New York Tribune, among other things, says: "Instead of being a country of savages, it is peopled by men who wear the garb of civilization, who read and write; who own and work farms and lands, and who worship God, the Father, and Jesus Christ, His Son."

"Suppose," concludes the Observer, we accept this view of these people and then ask ourselves by what right, civil or religious, we are slaughtering these people because they object to having their country taken possession of and government given them by a people 6,000 miles away, to whom they have never done any harm and who have no grievance against them? But we can either accept this view of them or the other—that they are naked barbarians—and all just reasoning will lead to the same conclusion, viz: that this war upon these people is a crime against God and humanity, which cannot be successfully defended at the tribunal of conscience nor in the forum of public opinion."

As the season of the year when pneumonia, grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing is a fine substitute, will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Instinct vigorously on having it if "something else" is offered you. Howard Gardner.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. E. Holton.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "I was taken with a bad cold which settled on my lungs; which set in and finally terminated in consumption. The doctors gave me up, saying I could die but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband had turned to Dr. King's New Discovery for Consumption. Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded.

This Is Egg-aspirating.

The Greensboro Telegram tells of a lady in that city finding an egg within an egg. The inner egg was a perfectly hard one like the outside one.

John Wilson tells that an egg within an egg was found at his home in this city a few days ago. Upon breaking the outer shell open another perfectly hard egg was found inside the outer one.

Eggs of this kind are something of curiosities. Eggs-aspirating. A person who eggs-amined the latter mentioned double or eggs-in-a-egg, it's us that he eggs-pecks the hen that laid that egg was in favor of the eggs-pansion policy.—Durham Sun.

"A Breezy Time."

Fitz and Webster in "A Breezy Time" will be the attraction at the academy of music on Wednesday, April 5. A flash, and a crash, a whirl and a swirl, an electric magnetic, systematic combination of grotesque, eccentric and pretty figures extolling a veritable cyclone of fresh, breezy acts and tuneful melodies loaded with the distilled essence of parody and fun. That's "A Breezy Time" to a dot. How the two clever comedians, Miss Webster and Mr. Fitz ever succeeded in gathering such a quantity of clever material and so many bright ideas for an evening's entertainment is a pleasant surprise to the most habitual theatre goer. No hitch or break, wait or delay mars the continuous change of action.

Please permit us to ask you a very pointed question: Have you a Universal Food Chopper? By this we do not mean a meat grinder, but a Chopper, which takes the place of chopping bowl and beater.

It chops, of course, but it does more. You can chop ham, opposition, or bread instead of grating it. You can—but we can't tell it all here. Our booklet gives full information Free. You will have use for it every day in the year. It is very simple and very cheap. Please call and let us show it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increase in expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
